Dear Harold:

I've enclosed a few things I've been promising to send -- i.e. the Wecht article in Modern Medicine and the clippings of the Nick Chriss articles on the Ray hearing.

I sent the actual clippings because it was too much bother to copy them and we don't need them back.

I talked briefly with Lesar last Friday and tried to call him again at the beginning of this week without success.

I'm in a hurry now, but will call you maybe Friday or next Monday or Tuesday.

Take care,

Sincerely

Jon
